

SITUO RTS

Ref 1810636

Basic information

Product benefits

- Secure radio protocol.
- Easy to programme.
- Impulse control (one press on the button).

Main technical information	
Application(s)	Roller shutters Awnings Motorised blinds
Radio Frequency	433,42 MHz
Range in house	20 m with 2 reinforced concrete walls to be passed through
Range in open field	200m
Capacity of memory	1
Color / Finish	White & Grey
Width	38,5 mm
Height	120 mm
Protection Index	IP 30

Technical information

Technology	
Capacity of memory	1
Coding	Rolling code 16 million of possibilities
Radio Frequency	433,42 MHz
Range in house	20 m with 2 reinforced concrete walls to be passed through
Range in open field	200m

Electrical	
Battery Voltage	3 V
Battery Type	2430 Lithium

Standard	
Protection Index	IP 30

Dimension	
Weight	0,042 Kg
Width	38,5 mm
Height	120 mm
Thickness	19,5 mm

Other	
Working temperature	0 to + 60 °C
Color / Finish	White & Grey
